Dear Parents,

We are doing a MATH-A-THON on October 18th instead of a Walk-A-Thon this year because our playground is unfinished. The students will be collecting pledges (see attached form) for the number of correct answers on their math tests. After tests are complete we will send home a money envelope with their score, which they will use to collect their pledges. Pledge money is due October 19<sup>th</sup>-26<sup>th</sup>.

-Once the testing is complete we will be having a grade level competition to see which class can solve our Math Mystery first! Those classes will receive an extra recess with popcorn!

-We have a school goal of \$8500 and if reached we will turn Mr. Whittier into a Human Volcano. This will be done on November 1<sup>st</sup> (Time of assembly: TBA). For every \$5 students bring in they will receive a Raffle Ticket to enter the drawing to help create our volcano.

-Our grand prize is an Electric Scooter for the most money earned (one for K-2 and one for 3-5).

-All students earning at least \$5 will receive a ticket to attend the Cedar City Aquatic Center Rewards night on November 4<sup>th</sup> from 6:30-8:30.

-All students earning at least \$3 will receive a new pencil!

Thanks for your support in this event. We are excited to see what we can earn as a school to help buy new supplies for our STEAM Programs! If you have any questions please email [northelementarypta@gmail.com](mailto:northelementarypta@gmail.com) or message me on our Facebook account [North Elementary School PTA-Polar Bears](#).
