

Hear Ye! Hear Ye!

Notice is officially given that North Elementary will be holding **community council elections** on September 16, 17, and 18, 2019.

Ballots will be available on those days at the school office.

The community council gives parents a voice in how the school functions, helps set goals for school improvement, and sets the budget for our annual School Land Trust funds. Please consider running for one of two parent positions or one of two faculty positions on the council that are up for election this year.

Candidacy applications can be picked up and filled out at the school office from now until the end of the school day on September 13, 2019.

If less than three parent candidates and/or less than three faculty candidates sign up for the election, the existing community council will choose who will fill those vacancies and no official election will be held.
