

# North Elementary

## RECYCLES!

With your help our school can sign-up with Recyclops to take the school's paper recycling each week.

They also offer curbside pickup for households (paper, metal, plastic and cardboard)! This makes it super easy...no separating and no leaving our houses.

### **Residential curbside pickup:**

***Thursdays, 7am—by your curb in plastic bag (cardboard flattened underneath)***

**Weekly:** \$10/mnth (\$110 if pay year upfront)

**Bi-weekly (every other):** \$6/mnth (\$66 if pay year upfront)

When you sign up, and mention your school's name as the referral, you help cover school recycling costs. Every referral gives your school \$10 towards its recycling costs! We are hoping to get at least 20 people signed up!

**Win-win as we recycle together!**

**To sign-up...**
